The members of the M. E. Sunday School will hold a lawn party on the college campus Saturday evening, August 28th. Chicken soup, icecream, cake, candy, butter, dressed chickens and strictly fresh eggs will be sold.
Dr. O. L. Lockwood, lately located in Shepherdstown on the foot-and-mouth disease, is now at the Jefferson Hotel, Charles Town, and will be glad to hear from his friends in Shepherdstown. He will practice veterinary medicine in this vicinity.
Surprising the amount of Stag brand paint that is being used in this and adjoining communities, which goes to prove that Stag paint must undoubtedly be the best and most economical. When you are ready to paint buy the paint yourself. One price direct to consumer.
Petitions are being circulated throughout the entire State with the intention of getting Governor Hatfield to call a special session of the legislature to repeal the prohibition laws which are now in force in West Virginia. Little fear is felt however that the petitions will have any effect, for the sentiment of the people all over the State is so in favor of these laws that nothing will come of the movement. It is said that the liquor interests of Ohio are behind the movement, and that quite a stir will be made when the names of the men interested are made public, and this interesting information has been promised by some of the temperance leaders.

LITTLE LOCALS.

The town clock has been ten minutes slow all week and strikes almost any old time.
Twenty-eight tickets were sold at Shepherdstown for the excursion to Luray over the N. & W. yesterday.
The Shepherdstown baseball team went to Berkeley Springs last Thursday and lost the game by a score of 6 to 1. This afternoon they play Martinsburg here.
Mr. J. D. Wilhide, of Keedysville, has our thanks for a line basket of peaches. They are the prettiest we have seen this year and we hope that he will come again.
The editor is in Atlantic City this week and the Junior Editor is at the helm again, and we are bound to admit that running a newspaper is not nearly so easy as running an automobile.
Postmaster W. L. Reinhart, who has been living in R. G. Miller's house on Mill street for several years, has moved into E. H. Reinhart's house over J. C. Reinhart's store on Main street.
Mr. R. D. Earley, who has been agent for the Norfolk & Western Railway at Rocky Mount, Va., has been appointed agent at Ripon, W. Va., and will assume his duties there in about two weeks.
Lyndon Beard, of Hagerstown who spent last week at the Hagerstown Post-office Clubhouse, on the Potomac, near Sharpsburg, caught a bass weighing five pounds and measuring 24 inches in length.
The Jefferson county Teachers' Institute is being held in Charles Town this week. The instructors are Prof. O. G. Wilson, of Elkins, and O. E. Cooper, of Bluefield. About 125 teachers are enrolled.
The weather the past week has been delightful. Although the days have been warm, the nights have had a tinge of autumn, and coats and wraps have been a necessity. The moonlit nights have been beautiful, and all outdoors has been particularly inviting to both young and old.
We call attention of the town authorities to the condition of Washington street between Church and King streets. The heavy rains of the past month have washed the roadbed very badly and not a little work will be required to get it back to the standard.
Silas Shipley returned last Sunday from an automobile trip to Philadelphia and Atlantic City and reports a fine trip. He says that he ran his car over six hundred miles without a speck of trouble, not even a puncture, and that he never had a better time in his life.
Elisa Stehl, the small daughter of Rev. and Mrs. W. B. Stehl, who are spending a part of the summer in Shepherdstown, met with a painful accident on Monday. With a number of other children she was playing near her home when she stumbled and fell, breaking her left arm near the wrist. Drs. Burwell and Banks were hastily summoned and rendered the necessary surgical attention to the suffering child.
Shepherdstown and vicinity seem to be in the midst of a typhoid epidemic, quite a number of cases having been reported. Our people will do well to keep close watch on their water supply, especially the surface wells which are numerous in and about town. If there is any doubt about the water it would be worth while to have the water tested for typhoid, as this dreaded disease is hard to control unless strict precautions are taken.
Mr. George B. Folk, son of Mr. and Mrs. G. W. D. Folk, of the Swan Pond neighborhood, has been appointed assistant police prosecutor for the city of Cleveland, Ohio. Mr. Folk for the past two years has been engaged in social settlement work in Cleveland while studying at Western Reserve law school. This is quite an honor for Mr. Folk and we hope that he may do well in his new office. The position carries a salary of \$2,500 a year.
One of the county crushers is at work on the Charles Town pipe near Shepherdstown. We are glad to see the road work in this end of the county, for practically every road leading from town is very badly washed and in need of immediate attention. To get them back to their former splendid condition will take lots of work for in a great many places the roads have washed or worn down to bedrock. We hope that the roads in the district will all be repaired.
The Charles Town horse show, which was held last week, was conceded by everyone to be a great success. All classes were well represented and many fine horses were exhibited. Large crowds were in attendance both days and the managers are more than pleased with the success of the enterprise. The weather was fine and people attended from all of this section of the country. One of the features was a troop of cavalry from Fort Meyer, which gave a number of exhibitions on the grounds.
Mr. A. A. P. Neel, of Washington, was in town yesterday in his new 1916 Hupmobile for which he is dealer. Jefferson county is in his territory and he hopes to place a number of cars in this section. Mr. Neel established a Hupmobile service station and sub-agency at the National Highway Garage, and anyone desiring demonstration or information should call on the local dealers. The car, which is fully equipped, is of moderate price, and has many new and interesting features.
Delegates from all sections of West Virginia arrived in Charles Town Tuesday for the meeting of the Grand Lodges of Knights of Pythias, which opened yesterday morning in the Opera House. Grand Chancellor John P. Arben, of Wheeling, will make the opening address. Congressman William G. Brown, of Kingwood, one of the grand officers, arrived Tuesday evening. About 300 delegates are present. Forty-four members of the Pythians, a side order of the Pythians, arrived Tuesday evening from Terra Alta by automobile and will initiate a large class.
Work on the Rumsey monument has gone as far as possible until the arrival of the granite for the base and shaft. Three carloads of granite have been ordered and it is hoped that they will soon arrive. Contractor Forbes is in Roanoke this week trying to arrange for a temporary sidetrack run across the bluff in order to facilitate the unloading of the immense blocks of stone. If this cannot be done they will have to be unloaded at the freight station and hauled to the monument site, which will be a hard proposition, owing to the great weight of the stones and the poor road leading to that point.

PERSONAL NOTES.

Miss Mary Henkle, of Uvilla, and Miss Winnie D. Knox, of Batesville, Mississippi, have been the guests the past week of Miss Mary Kootz, at "Olinden" east of town. Miss Audrey W. Gains, of Washington, has also been visiting Miss Kootz.
Mr. D. B. Wilburn, who has been working for Express Agent Barnhart for some time past has gone to Martinsburg where he has secured employment. He will probably move his family there in the near future.

Miss Lillian and Elizabeth Melester are visiting relatives near Williamsport.
Miss Virginia Butler is visiting in Washington this week.

Notes of the Churches.

The open air services last Sunday evening on the college campus drew a large number of own and country people who greatly enjoyed the service. Rev. I. D. Worman was in charge, and the sermon was preached by Rev. G. W. Everhart, of Baltimore, who was pastor of the Reformed church here a number of years ago. His sermon was an able one and was much enjoyed by all who heard him.
M. E. Church South—The Second Quarterly Conference of the Shepherds-town church will be held Saturday at 2 p. m., at Shepherdstown. Dr. B. W. Bond will preach Sunday at Shepherdstown at 11 a. m., and at Marvin at 3 p. m.
M. E. Church—Mt. Wesley 10.30 a. m., sermon by D. E. Bacon, district superintendent. Quarterly conference Saturday at 3 p. m., at the church in Shepherds-town.
There will be services in the Presbyterian Church Sunday, at Providence permits, in Shepherdstown at 10.30 a. m. and at Kearneysville at 8 p. m.
Communion service will be held in the Shenandoah Junction Presbyterian church Sunday at 11 a. m. Preaching in the Elk Branch church at 7.45 p. m.
Lutheran—Preaching at Uvilla at 11 a. m.

Contract Let For Dormitory.

We are in receipt of the following communication from the State Board of Control in regard to the dormitory for Shepherd College:
As per "Notice to Contractors" published in the Manufacturers Record, The American Contractor, The Washington Post, The Baltimore Sun and twelve West Virginia Newspapers, this Board received bids up until 2.00 p. m. of August 23, 1915, for the furnishing of all materials and labor necessary for the erection of a dormitory building at Shepherd College, Shepherdstown, W. Va.
A public opening was held at the time mentioned above in the Governor's reception room in the Capitol Building.
The bids were read to be as follows:
J. L. Crouse, Greensboro, N. C. \$20,583.00.
Glazie & Brother, Winchester, Va. \$17,994.00.
Harris & Spindler, Wheeling, W. Va. \$20,799.00.
Longest & Tessier, Greensboro, N. C. \$23,780.00.
P. Q. Shrake & Son, New Matamoras, O. \$19,000.00.
Tyree & Thomas, Charleston, W. Va. \$19,500.00.
F. O. Trump, Kearneysville, W. Va. \$18,997.00.
Glazie & Brother, Winchester, Va. are the lowest bidders.
Yours very truly,
STATE BOARD OF CONTROL.
By J. S. LAKIN, President.
As will be seen by the above letter Glazie & Brother, of Winchester, are the lowest bidders and will therefore have charge of the building of the new dormitory. As it has to be completed by February 1, 1916, we presume that work will be started immediately. Glazie & Brother have done a good bit of work in this section and always in a most satisfactory manner. A good deal of regret has been expressed that F. O. Trump, of Kearneysville, did not get the contract, his bid being \$1,003.00 higher than Glazie & Brother.
A latter letter states that Contractor Glazie and Prof. Thos. C. Miller will be in Shepherdstown to go over the ground that work will be stated on Monday, August 30th.
Deaths.
Word was received yesterday of the death of Mrs. Oleta Bailey Bonn, wife of Rev. C. F. Bonn, who was pastor of the M. E. Church here some eight years ago, at her home in Aberdeen, Md. Mrs. Bonn had been ill for some time from tuberculosis and little hope was held for her recovery. She and Mr. Bonn came to Shepherdstown about eight years ago and her many friends here deeply regret her death, and she will always be remembered for her sweet, lovable disposition and her gentle manner. Mrs. Bonn was about 29 years of age.
John H. Fulk, a well-known resident of Martinsburg, died last Friday night at the home of his daughter, Mrs. Fred A. Kilmer, near Martinsburg. Mr. Fulk, who was born and reared in Berkeley county, is survived by five sons and three daughters. He was sixty-two years of age. The funeral was held in Martinsburg on Sunday and interment was made in Elmwood Cemetery, Shepherdstown.
With The Sick.
Mrs. Robert Gibson, who was taken to the hospital in Charles Town last Friday, is improving rapidly and regaining her strength. An operation is necessary and as soon as she is strong enough it will be performed. Both of Mrs. Gibson's daughters, Mrs. Treadwell and Mrs. Mitchell are in Charles Town with her.
Mrs. Nelson E. Hill, of Cumberland, who was formerly Miss Mamie Manuel, of Hagerstown, and a daughter of the late Jasper A. Manuel, has been very ill with rheumatism of the heart, but is now slowly improving.
Mrs. Butler Ronemus, of this vicinity, was taken to the hospital in Charles Town on Monday where she underwent a serious operation, and is now reported to be getting along very nicely.
We are glad to note Mr. W. W. Waddy, who has had typhoid fever is out again. The other members of the family who also had typhoid are rapidly recovering.
We are sorry to note that Mr. Albert T. Moler has typhoid fever. Fortunately his case is a mild one.
Mrs. John C. Reinhart has been very ill the past week from typhoid fever, but is now improving.
Borrowed Team.
Last Saturday afternoon George Cross, a well-known farmer of Rocky Marsh, drove to Martinsburg, and hitching his horse at the Central Hardware Company's store went out in the city to look after different matters. Upon his return in the evening preparatory to leave for his home he was surprised to find his horse and buggy gone. The police were notified, and after much searching failed to find any trace. It having grown late Mr. Cross went to a livery barn and hired conveyance to his home. After traveling some distance from the city he was surprised to overtake a stranger with his rig. He inquired why it was taken, and the driver replied that he had been accommodated, and was ready to turn over the rig to its owner, which he did and fled. So far there is no clue as to the man's identity.
Attention has been called to the fact that it is unlawful under the new corrupt practices act passed at the last session of the legislature for any newspaper to publish anonymous letters unless the communication shows that the article is paid for and gives the name of the person authorizing the publication of such article. The section which is 13 read as follows. No person shall publish, issue or circulate, or cause to be published, issued or circulated, any anonymous letter, circular, placard or other publication tending to influence voting at any election. No owner, publisher, editor or employee of a newspaper or other periodical, shall insert, either in its advertising or reading columns any matter, paid for or to be paid for, which tends to influence directly or indirectly, the voting at any election whatever, unless it is distinctly designated as a paid advertisement, and states the name of the person authorizing its publication and the candidate in whose behalf it is published.
Harry Wartenbee, son of H. L. Wartenbee, of Charles Town, who disappeared from Blairton, Berkeley county, where he had driven with his father, was found at Harper's Ferry and returned home. He had gone by train from Blairton to Harper's Ferry.

Morgan's Grove Notes.

The social features of our fair promise to be emphasized more this year than ever. Already 36 of the 40 tents are engaged and this assures us that there will be an abundance of that genuine hospitality at the fair which so singularly characterizes this neighborhood. Should there be others desiring tent reservations they should be made early.
The standards for the Tournament are being put in place today and they are at the disposal of any of the young men of the vicinity who desire to practice upon them. It will be well for the riders to furnish their own rings for the practice. Already a number of young knights have expressed their intention of entering the lists, and it is to be hoped that the revival of this mediaeval sport will carry with it some of the other features of the olden time. An excellent set of harness valued at \$20.00 is hung up for the first prize in the amateur class and the same kind of prize for the professionals. The second prize in each class is a handsome riding saddle. A fee of \$1.00 is to be charged each knight. Who is to crown the queen and the maids of love and beauty?
Another revival—On next Tuesday the directors will assemble at the Grove armed with tools of all sorts, and laden with an abundance of all things necessary for the making of old-time southern chicken soup to be served under the direction of two of the best soup makers in the entire community. With the tools the directors expect to make the Grove in tiptop shape for the 31st annual fair and with the soup, well "Don't you worry." Everyone is invited to come out and join in the festivities and bring along the same things the directors bring, especially a tincup and spoon.
Inquiries by privilege men, concession men, horse-show men, and all the different kind of men and women necessary to a great fair indicate that there will be a large number of opportunities to spend your money. Dr. Rosenberg, the Century Oil man, with his trio of high-class jubilee singers has promised to come to us after an absence of two years. It is worth the price of admission to hear his performances several times each day at the Burnt House.
A contest in sewing has been arranged for the girls and at least two contests will be held for the boys—one in corn judging and one in stock judging. These contests for the boys will be in direct charge of a graduate of the Vermont Agricultural College. Get ready boys for the trials.
One thing more—To make the fair a success, as we all want it to be, it is absolutely necessary that everyone in Jefferson County, in particular, from the most southern edge to the Potomac, and from the Potomac on the east to the North Mountains in Berkeley, come to the fair with something for exhibition. Then come every day and bring your friends with you and have a genuine good time in the shade of the magnificent old trees in the Grove. Washington county is to be here as never before, as she has entered her noblest sons in the Tourney on Friday and expects to have the honor of crowning the queen and maids as her special part. We also look for a generous patronage from Berkeley, Loudoun, Frederick, Clarke counties, Va., and Frederick county, Md., as the name Morgan's Grove has been seen this year as never before. All are welcome and then some.
Tragedy at Winchester.
William Brown was arrested in Winchester last Saturday suspected of murdering his father, John W. Brown, a Frederick county farmer, whose body was found Sunday afternoon by a party of young men in a mountainous section west of Winchester. While being questioned in jail he is said to have broken down and confessed. The youth told the authorities many details of the shooting and declared, it is said, that he would have more to reveal at the trial. It is known that the elder Brown and his wife, formerly Miss Mattie Eaton, Capon Bridge, W. Va., did not live together peacefully, and neighbors declare Brown ordered her away two months ago. This was resented by his son and others of the family. The youth made several trips to Capon Bridge to see his mother, and she returned to her home Thursday. Relatives and neighbors had made inquiries concerning the whereabouts of the husband, who had been missing since August 9, but no trace of him was found until yesterday, when his body was discovered. Young Brown told the police that he and his father were several hundred yards away from the house on August 9, when he fired a shotgun at his father. He said he then fired a second shot. One of the bullets entered the stomach and the other penetrated the heart. The boy said he dragged the body a short distance, rolled it into a ditch near the creek, dug some earth with a shovel he had previously secreted near by and covered it with dirt and leaves. He threw the shotgun and shovel away. When found the body was partly exposed, water from the creek, which had risen during the recent rains, having washed the earth away.
Money Saved in Fertilizers.
Bids on fertilizers were opened by the committee of the Jefferson County Agricultural Association on Saturday and the contract was awarded to Wm. A. Daniel, Shenandoah Junction, his bid being the lowest by at least \$1 per ton.
These fertilizers are to be standard goods, delivered to your station in car lots. Several men clubbing together at one station can easily use a car.
Members of the Association are requested to see the president or secretary this week and leave orders. All farmers desiring to take advantage of the reduced price can do so by sending name and the \$2.00 annual fee to Wm. A. Daniel, treasurer of the Association.
C. D. WYSONG, President.
\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

For The Waterworks.

R. C. Ringgold and Engineer Alder have been going about this week renewing subscriptions to the stock in the proposed water company for Shepherdstown, owing to the fact that the other list was not good after August 1st. It will be remembered that the franchise expired the first of the month and the town council granted an extension of ninety days and it is the hope of the promoters to start work the first of September, and it is now entirely up to the people of our community whether or not they will have waterworks. We hope that none of the original signers will fail to renew and it is hoped that a few additional ones may be found. The typhoid possibility, is in itself a big argument in favor of the proposition, aside from the many other benefits that will be derived from waterworks. Let us all put our shoulders to the wheel and give the new company a big boost.
Suffrage Meeting.
The equal suffrage meeting held in the Shepherd College auditorium Tuesday night was attended by a fair-sized audience, and those who were there were much pleased with the meeting. Mr. A. S. Dandridge introduced the speaker, Mrs. B. B. Valentine, who made a most pleasing address. Mrs. Valentine is one of Virginia's most famous supporters of equal suffrage, and her address was full of argument for the cause. After the meeting adjourned Mrs. Valentine addressed a large crowd from the college steps on Main street, where she received quite an ovation. While in Shepherdstown she was the guest of Mrs. Edwin S. Jarrett.
Value Your Baggage.
Under a new law that went into effect yesterday, it will be necessary for all persons who have baggage to be checked on any railroad to make a declaration of the value of it and sign a slip stating the value, and if in excess of one hundred a charge of ten cents is made for each additional hundred or fraction. Our local railroad men ask us to say that before any baggage will be checked that the owner must place a value on it, and as the process is more or less complex, it will be well for our people to allow themselves more time for the checking of their baggage, so as to save annoyance.
Several young women were almost prostrated the first of the week following a weird experience in an effort to satisfy their curiosity. S. M. Wormer, the snake oil man, known throughout the country, met with an accident east of Wheeling when the automobile he was driving was partially wrecked. The party of young women in passing the wreckage were attracted by the suitcase. They determined to open it to ascertain its contents, and when they did so a half-dozen squirming rattlesnakes came out. The girls rushed pell-mell to their homes and all are in a condition bordering on prostration.
Work will be resumed at all of the quarries in Berkeley county in which Daniel B. Baker is interested. Baker recently spent several days in Martinsburg looking after his interests, inspecting the quarries and perfecting arrangements for the resumption of work. The only difficulty seems to be that of labor. When work was discontinued at the quarries several months ago a large number of foreigners returned to their native countries, and when the European war was declared others returned to take up arms.
Doubt Disappears.
No One in Shepherdstown Who Has a Bad Back Should Ignore This Double Proof.
Does your back ever ache? Have you suspected your kidneys? Backache is sometimes kidney ache. With it may come dizzy spells, Sleepless nights, tired, dull days, Distressing urinary disorders. Doan's Kidney Pills have been endorsed by thousands. Are recommended here at home. You have read Shepherdstown proof. Read now the Shepherdstown sequel. Renewed testimony: tested by time. Mrs. Nettie V. Turner, Rocky St., Shepherdstown, says: "I had a complication of troubles, the principal one being kidney complaint. My kidneys were irregular in action and the kidney secretions were unnatural. I also had headaches and there was soreness across my loins. I finally used Doan's Kidney Pills, procured at Hill's Pharmacy, and it did not take them long to make me stronger and better in every way. They stopped the soreness and backache and made my kidneys normal." Mrs. Turner gave the above endorsement in Nov. 1910. OVER TWO YEARS LATER she said: "I use Doan's Kidney Pills once in a while and they always give immediate relief." Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Turner had. Foster - Milburn Co., Props., Buffalo, N. Y.
A serial story constructed along entirely new lines will begin in The North American for Thursday, August 26, and be continued a chapter a day.
The title of the story is "Neal of the Navy." The author is William Hamilton Osborne, one of the leading American creators of fiction. Incident after incident of the most thrilling character combine to make the story grip the attention of the reader, and motion pictures based upon these incidents will be shown in leading theaters, thus heightening the interest of the reader.
The first episode of the story—the first six instalments and the first two reels of the motion picture—are based upon the catastrophe of Mount Pelee, and so successfully have they been written and planned that they send the story off at a rattling gait. The pictures of the scenes described will include many feet of real volcanic eruption, one of the most marvelous bits of action ever shown on the screen.
"Neal of the Navy" represents another departure. Never before has a writer of the standing of Mr. Osborne written an original story with the purposes of having it screened. It marks a new departure and a new class of motion-picture play.
